Plockmatic Reflex
Short Run Card Mailing Solution

Automation of short run card mailing:
- Eliminate manual insertion
- Jobs from 5 to 500 pieces

Benefits
- Reduces labor costs by 50-70%
- Improves quality and integrity
- Simple and intuitive operation
- Strong ROI - payback as short as 1 year

Unique Capabilities
- The industry's only variable thickness feeder - feeds "C" or "Z" folded carriers with 1 to 4 cards affixed with no thickness adjustment required
- Automated adjustments - job change-over in 60-90 seconds
- Integrity, tracking and enterprise integration options

/// PLOCKMATIC

System Overview

Booklet Feeder
- "No skill required" setup
- Best in class thickness up to .3" (8mm)
- Programmable house-holding

Enclosure Feeders (6)
- Adjustment free setup
- Scanning (optional)
- Higher capacity bins (optional)

Touch Screen User Interface
- Simple and intuitive operation
- Easy job programming
- All adjustments automatically stored
- Extensive diagnostics

Card Carrier Feeder
- The industry's only variable thickness feeder
- Feeds "C" or "Z" folded carriers with 1 to 4 cards affixed
- Removed the need to batch jobs by number of cards

Accumulator / Folder (Optional)
- Automatic size and fold plate adjustment
- Non-marking supports all color print technologies
- Slides out for easy access

Inserting Module
- Automated size adjustments
- Letter to flats - #10 to 10x13"
- Inserts up to 90 page flats (1/2")
- Programmable sealing levels

Specification Summary

Inserter

	Min	Max
Cycle speed		4,000 / Hr.
Envelope size	#10	10 x 13"
Envelope (H x W)	4.13 x 8.80"	13.90 x 13.90"
Document (H x W)	3.65 x 8.25"	11.80 x 12.40"
Insert Thickness	20lb. Single ply	0.5"

Tower Feeder

Feeders per Tower	3* (High Cap Bins)	6 (std. bins)
Stack Height	1.1" (std. bin)	2.75" (Hi cap bins)
Sheet Size (H x W)	3.65 x 8.25"	11 x 17"
Paper Weight	16lb.	110lb.
Booklet Feeder (opt)	20lb. Single ply	0.31"

### Accumulator / Folder

Sheet Size	8.3 x 10.7"	11.80 x 11.80"
Fold Capacity (20lb.)		7 pg. - "C", "Z" 10 pg. - Half

Card Carrier Feeder

- Variable thickness documents up to 5mm
- Feeds 1 to 4 cards affixed to mailing carriers
  - Z Folded
  - C Folded
  - Half Folded
- No thickness adjustments

Integrity and Tracking Options

Supports leading integration to leading vision systems to provide
- Output sequence verification
- ADF integration
